

Hardware Business Management System

Purpose of This Document

Defines confirmed rules and separates unresolved financial logic from confirmed scope.

Known Project Scope

- Mobile application and web administration system.
- Super Admin and Shop Admin roles.
- Products, purchases, sales, inventory and stock movement.
- Expenses, capital, debts, profit reporting, and 60/40 allocation support.
- Daily opening and daily closing workflows.
- Offline-first mobile storage using SQLite and central MySQL synchronization.
- Notifications, reports, audit trail, validation, error handling, security, and acceptance criteria.

Status Label Convention

Confirmed means the item is part of the agreed scope. Proposed means it is a recommended implementation detail that can still change. Pending Decision means the business owner must decide before a developer or Cloud AI treats it as final.

Status	Meaning	How to Treat It
Confirmed	Agreed project requirement or design direction.	Use as baseline for planning and implementation.
Proposed	Recommended approach that may still change.	Validate during design and owner review.
Pending Decision	Business, accounting, or technical rule not fully approved.	Do not hard code. Ask the owner or make configurable.

Confirmed Business Rules

Rule ID	Rule	Status
BR-001	Only authenticated users can access business data.	Confirmed

Rule ID	Rule	Status
BR-002	Shop Admin can access only assigned shop data unless permission changes.	Confirmed
BR-003	Purchases increase stock after saving or approval according to configuration.	Confirmed
BR-004	Sales reduce stock after saving unless held as draft or failed validation.	Confirmed
BR-005	Stock adjustments must capture reason, user, date, and before or after quantity.	Confirmed
BR-006	Daily closing must preserve totals and notes for audit review.	Confirmed
BR-007	Offline transactions must sync without double counting.	Confirmed

Financial Logic

Area	Logic Direction	Status
Sales revenue	Sales totals should be calculated from sale items, quantities, unit prices, and approved discounts.	Confirmed
Purchase cost	Purchase totals should be calculated from item quantities and unit costs.	Confirmed
Expenses	Expenses must be recorded, but which categories reduce profit must be confirmed.	Pending Decision
Profit	Profit formula must be owner-approved before implementation treats it as final.	Pending Decision
60/40 allocation	System must support 60/40 split after approved profit is known.	Confirmed
Capital	Capital movement must be tracked separately from sales unless owner confirms a link.	Pending Decision
Debt	Debt balance equals original amount minus repayments, with debt type policy pending.	Pending Decision

Open Decisions That Must Not Be Invented

Decision Area	What Must Be Confirmed	Status
Profit formula	Exact formula for gross profit, net profit, cash profit, and expense treatment.	Pending Decision
Stock costing method	Latest cost, weighted average, FIFO, or another method for cost of goods sold.	Pending Decision
60/40 destination labels	Meaning of 60 percent and 40 percent amounts in business reports.	Pending Decision
Allocation timing	Daily, weekly, monthly, per closing, or owner-approved timing.	Pending Decision
Tax or VAT handling	Whether tax calculation is part of first release and how it affects reports.	Pending Decision
Returns refunds discounts	How returns, damaged goods, refunds, and discounts affect stock and profit.	Pending Decision

Acceptance of This Document

- The document is acceptable when the owner can identify which items are confirmed, proposed, and pending decision.
- A developer or Cloud AI can use the confirmed parts without needing to guess the project direction.
- Pending accounting rules remain visible and are not presented as final business rules.
