

Hardware Business Management System

Purpose of This Document

Defines user experience goals, screens, forms, validation, offline status, and usability requirements.

Known Project Scope

- Mobile application and web administration system.
- Super Admin and Shop Admin roles.
- Products, purchases, sales, inventory and stock movement.
- Expenses, capital, debts, profit reporting, and 60/40 allocation support.
- Daily opening and daily closing workflows.
- Offline-first mobile storage using SQLite and central MySQL synchronization.
- Notifications, reports, audit trail, validation, error handling, security, and acceptance criteria.

Status Label Convention

Confirmed means the item is part of the agreed scope. Proposed means it is a recommended implementation detail that can still change. Pending Decision means the business owner must decide before a developer or Cloud AI treats it as final.

Status	Meaning	How to Treat It
Confirmed	Agreed project requirement or design direction.	Use as baseline for planning and implementation.
Proposed	Recommended approach that may still change.	Validate during design and owner review.
Pending Decision	Business, accounting, or technical rule not fully approved.	Do not hard code. Ask the owner or make configurable.

User Experience Goals

- Shop workflows should be fast and easy to repeat many times per day.
- The system should show clear sync status so users trust offline mode.

- Validation errors should explain exactly what the user needs to fix.
- Reports should be filterable and readable without technical knowledge.
- Dangerous actions should require confirmation and must be audited.

Screen Requirements

Requirement	Design Direction	Status
Navigation	Separate daily operations, reports, settings, and admin areas.	Confirmed
Search	Product, transaction, debt, and report search.	Confirmed
Forms	Use required field markers, numeric validation, and clear save results.	Confirmed
Offline state	Show offline/online and pending sync count.	Confirmed
Empty states	Explain what to do when lists are empty.	Proposed
Responsive web	Web admin should work well on desktop and reasonable tablet sizes.	Proposed

Open Decisions That Must Not Be Invented

Decision Area	What Must Be Confirmed	Status
Profit formula	Exact formula for gross profit, net profit, cash profit, and expense treatment.	Pending Decision
Stock costing method	Latest cost, weighted average, FIFO, or another method for cost of goods sold.	Pending Decision
60/40 destination labels	Meaning of 60 percent and 40 percent amounts in business reports.	Pending Decision
Allocation timing	Daily, weekly, monthly, per closing, or owner-approved timing.	Pending Decision
Tax or VAT handling	Whether tax calculation is part of first release and how it affects reports.	Pending Decision
Returns refunds discounts	How returns, damaged goods, refunds, and discounts affect stock and profit.	Pending Decision

Acceptance of This Document

- The document is acceptable when the owner can identify which items are confirmed, proposed, and pending decision.
- A developer or Cloud AI can use the confirmed parts without needing to guess the project direction.
- Pending accounting rules remain visible and are not presented as final business rules.
